

Benediction

Jars of Clay

Go into the world
Showing how much He loves you
Walk in the world
In merciful ways, He loves you
He loves you Emmanuel on earth Yours is the body, the hands and the feet
And Yours are the eyes to look compassionately
To bless you and me, bless you and me
He will bless you and me Go into the world
Showing how much He loves you
Walk in the world
In meaningful ways, He loves you
He loves you Emmanuel on earth
God with us on earth Yours is the body, the hands and the feet
And Yours are the eyes to look compassionately
To bless you and me, bless you and me
He will bless you and me To bless you and me, bless you and me
To bless you and me Go into the world
Showing how much He loves you
