So Long

Massari

[Verse 1]
You're talking to your mirror more than you talk to your mother
You're playing with your phone like we don't know each other
A stranger walking by wouldn't know that we was lovers
I gotta say this now 'cause I know that we in trouble[Pre-Chorus]
You used to spend the days lying in the sunlight
Now you wanna be the girl in the nightlife
What ever happened to the kids and the good times?
We running out of time[Chorus]
So long, so long
I got to be moving on
I'll miss you but I cannot
Wait for you to catch on
So long, so long
It hurts 'cause our love is strong
You can't give me what I want
So I got to say so long[Verse 2]
You used to wear my ring but now you leave it on the dresser
You could've been my queen I would've given every treasure
You don't understand we could've seen the world together
It's so sad, it's so sad[Pre-Chorus]
You used to spend the days lying in the sunlight
Now you wanna be the girl in the nightlife
What ever happened to the kids and the good times?
We running out of time[Chorus]
So long, so long
I got to be moving on
I'll miss you but I cannot
Wait for you to catch on
So long, so long
It hurts 'cause our love is strong
You can't give me what I want
So I got to say so long[Bridge]
So long, so long
I ain't about to wait on nobody
So long, so long
Should've took the chance when you had it
I'll be moving on
Girl, you had me waiting for too long

I tried to stay and find a way
Now you got me saying so long[Chorus]
So long, so long (so long)
I got to be moving on (so long)
I'll miss you but I cannot
Wait for you to catch on
So long, so long
It hurts 'cause our love is strong
You can't give me what I want
So I got to say so long
So long, so long
I got to be moving on
I'll miss you but I cannot
Wait for you to catch on
So long (so long), so long (so long)
It hurts 'cause our love is strong
You can't give me what I want
So I got to say so long
