

Another Star

Stevie Wonder

La la la la la la la la la
La la la la la la la la la
La la la la la la la la la
La la la la la la la la la For you there might be brighter star
But through my eyes the light of you it's all I see
For you there might be another song
But all my heart can hear is your melody So long ago my heart without demanding
Informed me that no other love could do
But listen did I not though understanding
Fell in love with one who would break my heart in two For you love might bring a toast of wine
But which each sparkle know the best for you I pray
For you love might be for you to find
But I will celebrate our love of yesterday So long ago my heart without demanding
Informed me that no other love could do
But listen did I not though understanding
Fell in love with one who would break my heart in two For you there might be brighter star
But through my eyes the light of you it's all I see
For you there might be another song
But in my heart your melody will stay with me La la la la la la la la la
La la la la la la la la la
La la la la la la la la la
La la la la la la la la la
