# S.O.S

## Toy-Box

S.O.S. (x3)Are you ready for a thriller night
It will scare you so just hold on tight
There is something scary in the air
I promise tonight I'll be right hereEverywhere we go
In every single show
They'll tell you ready or not
'Cause this is the nightCHORUS
S.O.S.
Is there somebody out there?
Is there somebody in here?
S.O.S.
They're coming for somebody
So watch out everybody
S.O.S.I don't think they're after us no more
Shh, be still 'cause I can hear the door
Let me see if there's somebody there
Please don't go, don't leave me waiting hereEverywhere we go
In every single show
They'll tell you ready or not
'Cause this is the nightRepeat CHORUSIn the still of the night
When all light has gone
They emerge from the shadows
And stay out till dawnI ain't afraid of ghosts
I ain't afraid of ghostsRepeat CHORUS
Is there somebody out there?
Is there somebody in here?
S.O.S.
They're coming for somebody
So watch out everybody
S.O.S. (x3)
