Standin' On the Edge

Colin James

Late last night I was dreamin'
I was dreamin' of your charms
And I was standin' on the edge of love baby
With you in my armsWell, you whispered sweet things and you told me
You told me that you'd love me and you'd always be true
And that you'd stand on the edge of love with me
And I'll stand with youThat's why I'm standin' on the edge of love
And I'm just about to slip and fall
That's why I'm standin' on the edge of love baby
Waitin' on your callWell, a young man's mind will wonder
And wander off to distant shores
And if you'd just come here and stand with me
I won't wander no moreWell, I promise that I'll stop all of my gamblin'
Stop stayin' out late all night
Might even settle down, baby
Treat ourselves rightYeah, don't you know that's why I'm standin' on the edge of love
And I'm just about to slip and fall
That's why I'm standin' on the edge of love baby
Waitin' on your call
One more time, yeahStandin' on the edge of loveYeah, that's why I'm standin' on the edge of love
And I'm just about to slip and fall
That's why I'm standin' on the edge of love baby
Waitin' on your callYeah, that's why I'm standin' on the edge of love
And I'm just about to lose my mind
That's why I'm standin' on the edge of love baby
Waitin' on you one more time
