

Haunted

Charlie Simpson

Four whole years is a long way down
Can we sleep this off in the lost and found?
I guess we had no idea there would be no sound
When the guns went off and we hit the ground

Singing out oh, oh, oh, oh, oh, oh
They were long days they were long days
Singing out oh, oh, oh, oh, oh, oh
They were long days with the ghost who left me

Were haunted from what weâ€™ve seen
Another force to cause emergency
Our paper hearts are folding
And torn apart as we hold them

What do we do this for?
What do we do this for?
What do we do this for?
We were born together weâ€™ll die together
Were haunted from what weâ€™ve seen
We were born together weâ€™ll die together

14 years since I've left this town
How can you love me when Iâ€™m not around?
I guess weâ€™ve seen this all through the devils eyes
When the darkness falls and the vultures rise

Singing out oh, oh, oh, oh, oh, oh
They were long days they were long days
Singing out oh, oh, oh, oh, oh, oh
They were long days with the ghost who left me

Were haunted from what weâ€™ve seen
Another force to cause emergency
Our paper hearts are folding
And torn apart as we hold them

What do we do this for?
What do we do this for?
What do we do this for?

We were born together weâ€™ll die together
Were haunted from what weâ€™ve seen
We were born together weâ€™ll die together

Something changed in us
In the arms of sinners
We were forged in the fire that we had within us

Something changed in us
In the arms of sinners
We were forged in the fire that we had within us

Were haunted from what weâ€™ve seen
Another force to cause emergency
Our paper hearts are folding
And torn apart as we hold them

What do we do this for?
What do we do this for?
What do we do this for?
We were born together weâ€™ll die together
What do we do this for?
What do we do this for?
What do we do this for?
We were born together weâ€™ll die together
We were born together weâ€™ll die together
Born together weâ€™ll die together
Born together weâ€™ll die together
Born together weâ€™ll die together
Born together weâ€™ll die together
Born together weâ€™ll die together
Born together weâ€™ll die together
