Wonder of Birds

The Innocence Mission

We keep our hands above the water
We know that someday we will fly away
With all the wonder of birds
With all the wonder of birdsWe keep our voices as guarded secrets
Wait for awhile and we will surely sing
With all the wonder of birds
With all the wonder of birdsWonder of
Wonder of birds
Wonder of
Wonder of birdsWe make a sky where we may be
We build a home with windows to fly through
Windows to fly throughWe learn to dance with broomstick partners
Grace will be ours when we will grow our wings
With all the wonders of birds
With all the wonders of birdsWonder of
Wonder of birds
Wonder of
Wonder of birdsAnd the wonder of birds
Wonder of birds
