

I Am a River

Foo Fighters

There is a secret
I found a secret
Behind a Soho door There is a reason
I found a reason
Beneath the subway floor I found the water
The devils water
And walked along its shore Is that what you want? The channel's changing
The heart is racing
From voices on a wire The soul is yearning
The cold is burning
The ember starts a fire Can we recover
Love for each other
The measure of your life Is that what you want?
Is that what you really want A river
A river
A river running under ground A river
A river
Is that what you want?
Is that what you really want? I! I! I am a river Is that what you want
Is that what you really want? I! I! I am a river I am a river! I! I! I am a river
