How I Roll

Charlie Mars

Oh no
Look in the mirror
Its 5.0
I shouldn't a smoked so much weed
I shoudn't a done so much blow
Oh don't you know sometimes
That's how I roll

Oh no
Look in the mirror
It's a stranger looking back at me
Room to room on the titanic rocking the high seas
Oh don't you know sometimes

That the pressure gets too much
And I hear the siren's call
Saying maybe just one more time
Maybe just one more time
That's how I roll

Oh Know
Oh Know Don't u know sometimes
Oh Know Don't u know sometimes
Oh Know Don't u know sometimes
Oh Know Don't u know sometimes
Oh Know Don't u know sometimes

That the pressure gets too much
And I hear the siren's call
Saying maybe just one more time
Maybe just one more time
Saying maybe just one more time
Maybe just one more time
Saying maybe just one more time
Maybe just one more time
That's how i roll
Sometimes

My father always said to never say never
So I'll never say never again

My father always said to never say never
So I'll never say never again
My father always said to never say never
So I'll never say never again
My father always said to never say never
So I'll never say never again
Save never again
