

I (Who Have Nothing)

Gladys Knight

I, I who have nothing
I, I who have no one
Adore you and want you so
Im just a no one, with nothing to give you but oh
I love you
She, she buys you diamonds
Bright, bright, sparkling diamonds
But believe me, dear, when i say
That she can give you the world
But she'll never love you the way
I love you
No, no, no (She can't do it)
She can't do it, baby
But she can take you any place she wants
To fancy clubs and restaurants
Where i can only watch you with
My nose pressed up against the window pane heee heee heee
I, I love you baby wooh wooh wooh
I, I need you oh it hurts
When I watch you, go dancing by oh
Wrapped in the arms of somebody else
But darling it is I, it's me
I love you, love love love you baby
(Im the one (x3) who loves you)
Do you need me? I think you do
(Im the one (x2) who needs you)
Watching you
She takes you any place you want
To fancy clubs and restaurants
I can do nothing but watch you wth
My nose pressed against the window pane
I love you
It hurts
I need you
I want you
Im the one, Im the one, Im the one who loves you baby
Im the one, Im the one, Im the one who needs you baby
Yes, I do
Can you see me
