

Like Lunatics

Modern Skirts

Hello again, its me
You know, Ive been away
You still havent changed. Isnt life deranged?
How is the bridge we built?
Is it strong?
Is still hanging on?
Can I reach the bay where we used to lay like lunatics?
If I could read your brain, Im sure Id be relieved
You still havent changed
Isnt life deranged like lunatics?Confident that she would love to start a brand new
