Passing Strangers

Ultravox

We were so young, we were too vain
Dance in the dark, sing in the rain
Time on our hands, hope in our heartsWe were talking, passing strangers
Moments caught across an empty room
Wasted whispers, faded secrets
Quickly passes, time goes, time goes by too soonWe stood alone, silent and proud
Moments unknown, lost in a crowd
Running through memories like thieves in the night
Clutching emotions, holding too tight
Hold turns to dust, shattered by lightWe were talking, passing strangers
Moments caught across an empty room
Wasted whispers, faded secrets
Quickly passes, time goes, time goes by too soonWe were talking, passing strangers
Moments caught across an empty room
Wasted whispers, faded secrets
Quickly passes, time goes, time goes by too soonWe were talking, passing strangers
Moments caught across an empty room
Wasted whispers, faded secrets
