

Dirty Currency

Rotten Sound

[Music: Mika, Rotten Sound]

[Lyrics: Jorma, Keijo] You bought a one way ticket to Brazil

Oh, you wanna go in there and fuck!

You tiny tool seeks for tiny little boys and girls

To fill up your sick little joys Dirty bucks...

Crowns full of stains... I wish you get caught

A trip to hell you should have bought

A death sentence should be the consequence

But how to protect then all the little worms? You abuse, humiliate, violate

Violate under aged lads

You humiliate, violate and escape

With the dirty currency of our society You bought a one way ticket to Brazil

Oh, you wanna go in there and fuck!

You tiny tool seeks for tiny little boys and girls

To fill up your sick little joys Dirty bucks...

Crowns full of stains...
