Sweet Jane

Krayzie Bone

Mmm, sweet Jane, Jane, Jane, Jane
I'm so in love with you, sweet Jane, Jane, Jane
Mary, Mary, Mary, Mary, Mary, Mary, Mary
Mary, Mary, Mary, Mary
I'm so in love with you, sweet Jane, Jane, Jane
I never, knew love like this before, before, before
I said I never, knew love like this before
She, relaxes my mind, keeps me tired all day and night
Damn near, feel like I'm fly, high
And I can't come down, don't wanna come down
Don't need to come down, down
Ooh, ooh, I'm feelin' so cool, cool
'Cause that's what you do, do
Sweet Jane, I'm so into you
(I'm so into you)
Can't nobody tell me nothin'
That'll make me stop messin' with you
They keep tellin' me you're bad for me
It just ain't true, believe me
(Believe me)
Baby I don't believe it, as long I'm with you, Jane
Mmm, sweet Jane, Jane, Jane, Jane
I'm so in love with you, sweet Jane, Jane, Jane
Mary, Mary, Mary, Mary, Mary, Mary, Mary
Mary, Mary, Mary, Mary
I'm so in love with you, sweet Jane, Jane, Jane
It's such a beautiful thang when I'm just sittin' back smokin'
No time to worry 'bout thangs 'cause Mary Jane got me chokin'
And I like this feelin', light it up and smoke one, feel me
I like to smoke it when I'm rollin', blaze it up when I'm drunk
I like to smoke it in the mornin', blaze it up when I fuck
Yeah, this is what she does for me
Ain't tryin' to tell you but to me she's lovely
She let's me know when niggaz fucked up
Don't fuck with'chu, don't fuck with'chu
Even when the road gets tough, smoke another one
Think it through, you can think it through
And I know we got a lot of people goin' through it
But talk of Mary Jane, she can sho' help you through it

(This is America)
And she, does ease the pain
(Pain)
But you gotta take, her, to the brain
(Hey, hey)
Mmm, sweet Jane, Jane, Jane, Jane
I'm so in love with you, sweet Jane, Jane, Jane
Mary, Mary, Mary, Mary, Mary, Mary, Mary
Mary, Mary, Mary, Mary
I'm so in love with you, sweet Jane, Jane, Jane
I told you before that nigga I would never stop my fiendin'
All I be needin' is sticky green man
When I be ridin' I'm smokin' and leanin'
You ain't comprehendin' that meanin'
About the sticky, the sticky, the green leaves, leaves, leaves
Nigga you keep that brown, I want this shit with no seeds
Girl you my thang and I love the way you stimulate the brain, brain
And it ain't nothin I would change
Compliment you with a little bit of Tangueray, hey
Kray', my nigga let's ante up on a pound
You swoop up Wish and I'm a swoop up B
We can have this thugs night on the town
(Town)
Let's blow this one for Flesh, fo'sho
It's the niggaz night out, the niggaz night out, y'know
Hurry up and twist one, pass it on so I can hit one
And none of you busta niggaz can't get none
Smokin' hydroponics, got it mixed with Indonesias
So high right about now I'm thinkin' I caught amnesia
But reefer really makes me happy, happy, happy
I wanna roll up some mo'
Mmm, sweet Jane, Jane, Jane, Jane
I'm so in love with you, sweet Jane, Jane, Jane
Mary, Mary, Mary, Mary, Mary, Mary, Mary
Mary, Mary, Mary, Mary
I'm so in love with you, sweet Jane, Jane, Jane
