

Eyes Open Wide

Greenhaus

I wanna see everything
the beautiful colors
disintegrate under me
as the crowd rushes closer
i wanna feel it hit

keep my eyes open wide
keep my eyes open wide

cancer and nicotene
whiskey and water
sleepless and cynical
dreams to slaughter
i need you to save me
make me breathe
i need you to wake me
'cuz i wanna see
every, every little thing

keep my eyes open wide
keep my eyes open wide

and i know this
don't wanna live
if there's no point to it
you give me meaning

'cuz i'm gonna see, gonna see
every little thing

keep my eyes open wide (wanna see everything)
keep my eyes open wide (wanna see everything)
keep my eyes open wide (wanna see everything)
keep my eyes open wide.
