

VW Van

Jake Owen

A bag of beef jerky sitting on a road map
Dashboard hula girl shaking her grass
Shotgun DJ, navigate the airwaves
Don't know where we're going or when we're coming back Who wants to ride? Who wants to roll?
Westbound, southbound, where the wind blows
Who needs a plan? Bring the whole fam
Load 'em all up in my VW van (V-dub, VW)
Yeah, who wants to ride my VW van? (V-dub, VW) On the road again, just like Willy
Free old hillbilly gypsy soul
Gonna run out to Idaho
But I don't know, baby, ready, set, go Who wants to ride? Who wants to roll?
Westbound, southbound, where the wind blows
Who needs a plan? Bring the whole fam
Load 'em all up in my VW van (V-dub, VW)
Yeah, who wants to ride my VW van? (V-dub, VW) When it gets dark, we'll put it in park
And turn on them party lights
A lawn chair sipping on Cuervo gold
Hell, we might even make Mexico
(V-dub, VW, V-dub, VW) Who wants to ride? Who wants to roll?
Westbound, southbound, where the wind blows
Who needs a plan? Bring the whole fam
Load 'em all up in my VW van
Stereo hot, pink flamingo
Who's gonna spot the first jackalope
Who gives a damn? Bring the whole fam
Load 'em all up in my VW van (V-dub, VW)
Yeah, who wants to ride my VW van? (V-dub, VW)
My VW Van (V-dub, VW, V-dub, VW)
