

# **Fat Fuck**

## **OG Maco**

I want cheese but I can't digest the shit  
I'm on a leave in the middle of washington  
These are some of the things I can't eat  
It's yogurt, milk, and cheese that makes me shit  
I can not not not have nothing  
But when I eat dairy my bowels do flow  
Uh-oh I think I shit myself (ohhh!)

I had some ice cream and...  
I'll be back, I'm goin' to the can!  
He cannot digest the lactose these are just the facts  
He cannot digest the lactose these are just the facts  
He cannot digest the lactose these are just the facts  
He cannot digest the lactose these are just the facts
