

# Double Up

## R. Kelly (Ft. Snoop Dogg)

Alright, now we got that out the way, let's double up!  
It's your boyfriend, look here, we in the club!  
An? you tryin? to decide whether you gon? leave with me  
And you don?t know because you got your girl witchu  
Bring ?er witchu, bring ?er witchu!  
I got a place, she can stay at my crib, let's go  
Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
I'm ?bout to double up  
You know I'm ?bout to double up  
Hop off in that Phantom with the doors suicide  
I got a freak in the front and a freak in the back  
I'm ?bout to double up  
An? you know I'm ?bout to double up, double up  
I fall through the spot, Kell?s on the prowl  
I see these honeys an? they dancin? all wild  
All up on each other, winding, real freaky  
I'm plottin' how I'm gonna take ?em home with me  
Maybe your cousin, maybe your girlfriend  
I just wanna get ?em both up outta here  
Fast as I can on them dubs to the crib  
Start off in my game room, pop a lil? bub  
And have ?em dance for me like they danced in the club  
Ooh, they so freaky an' both of ?em want me  
Shots of tequila, puff some dro and now they ready  
Her girl holla out, ?We?re best friends!?  
And then I holla out, ?Y?all look like twins!  
Ain?t no competition, y?all a couple of tens!?  
And then they say, ?Kells, tell us what you wan? do?  
?We?ll I'm about to double up with you and you?  
Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
I'm ?bout to double up  
(One on each arm)  
You know I'm ?bout to double up  
(I keep one on each arm)  
Hop off in that Phantom with the doors suicide  
I got a freak in the front and a freak in the back  
I'm ?bout to double up

(One on each arm)  
An? you know I?m ?bout to double up, double up  
(I keep one on each arm)  
Pimpin? don?t stop when I walk up in the club  
See a girl with a girl I?m tryna get a group hug  
Get ?em to the hotel, get some hookah  
Her, her, me, man I just can?t get enough  
All up in my tub, suddy, poppin? bub  
"Who is she to you?" and she reply, ?First cuz?  
Man, I could tell they so naughty, naughty  
They way they took me down like a 40, 40  
One in the bed an? one in the chair  
One massage my toes while one braid my hair  
In the Prada spotlight two o? these player  
In the car lot like two o? these player  
Haters sayin?, ?Damn! How he doin? this player??  
Doublin? up for me is like routine player  
I?ma go get ?em, mix ?em up like I'm a dealer  
Man, three?s company, bitch call me Jack Tripper  
Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
I?m ?bout to double up  
(One on each arm)  
You know I?m ?bout to double up  
(I keep one on each arm)  
Hop off in that Phantom with the doors suicide  
I got a freak in the front and a freak in the back  
I?m ?bout to double up  
(One on each arm)  
An? you know I?m ?bout to double up, double up  
(I keep one on each arm)  
I?m back up in the VIP in a cloud of smoke  
Beat poundin' surrounded by all my folks  
?Gimme another shot, damn the music loud?  
I?m about to mix up and blend in in the crowd  
Rip, slip, slide by the danceflo?  
Baby grab me by my hand, say she wanna dance, oh, oh  
Is that your girlfriend peepin? me out?  
Sho? nuff, it must be ?cause now she freakin? me out  
She get behind a nigga, grindin? on a nigger  
Touchin? on me, whisperin? in my ears, damn it sound lovely  
I?m infatuated, we evacuated, now we at the crib bitch  
Two for the money that?s the life I live  
Kiss me, kiss her, now kiss each other  
It?s a trip the way I make these chicks twist each other

Take your shirt off, now I?ma take hers off too  
It?s double or nuttin? baby, that?s how the boss do  
Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
I?m ?bout to double up  
(One on each arm)  
You know I?m ?bout to double up  
(I keep one on each arm)  
Hop off in that Phantom with the doors suicide  
I got a freak in the front and a freak in the back  
I?m ?bout to double up  
(One on each arm)  
An? you know I?m ?bout to double up, double up  
(I keep one on each arm)  
How ?bout that? Snoop Dogg and Kells  
We lead the league in this here man, know what I?m talkin? ?bout?  
That?s 40 toes man, add that up, 40 toes  
That?s like 20 points and 20 rebounds, that?s a double double  
We double up like that man, me and West Connec  
You know what it is, holla back  
Uncle Junebug, what up my nigga?  
I see you Reese, sittin' there all starin? an? shit  
Nigga, I?m about to go work out too
