Factory Floor

Cable35

I just can't get more
I just can't get more
I just can't get more
More than I can haveI must conceal more
I must conceal more
I must conceal more
Put the mockers onTo the factory floor
More to the factory floor
More to the factory floor
More to the factory floorTurn it on default
Turn it on default
Turn it on default
Put the mockers onI must conceive more
I must conceive more
I must conceive more
More than I can haveTo the factory floor
More to the factory floor
More to the factory floor
More to the factory floorSome might say we're all aloneI'm in control now
I'm in control now
I'm in control now
Put the mockers onI just can't get more
I just can't get more
I just can't get more
More than I can haveTo the factory floor
More to the factory floor
More to the factory floor
More to the factory floorCan't get enough but I want it
Can't get enough but I need it.. yeah yeah
Can't get enough but i want it
Can't get enough but i need it.. yeah yeahMore to the factory floor
More to the factory floor
More to the factory floor
More to the factory floor
