

# Some Fools Never Learn

Steve Wariner

All my friends say  
I should leave you alone  
You've got a heart like a stone  
And a wandering eye  
And I know that they're right  
I can make up my mind  
Not to see you again  
But you move through my dreams  
Like the wind  
It's no good to pretend  
It won't happen again  
'Cause it'll happen again  
Some fools never learn  
Play with the fire and you're gonna get burned  
It's only love when you're loved in return  
Some fools never learn  
Some fools never learn  
And baby I tried  
But I'm just not that strong  
Yes I knew all along  
But that's not enough  
I was falling in love  
And you don't know it  
But I came over tonight  
There was somebody's car parked outside  
Damn my eyes  
Damn this heart of mine  
I drove off into the night  
Some fools never learn  
Play with the fire and you're gonna get burned  
It's only love when you're loved in return  
Some fools never learn  
Some fools never learn  
Somewhere in the city tonight  
There's a girl and she's lonely like me  
She'll be easy to see  
And naturally she'll have that look in her eye  
She'll be feeling that way  
I see it all plain as day

Oh I'll never be  
What she wants me to be  
Oh but lucky for me  
Some fools never learn  
Play with the fire and you're gonna get burned  
It's only love when you're loved in return  
Some fools never learn  
Some fools never learn  
Some fools never learn
