Evan Doesn't Ring Me Anymore

Television Personalities

I remember the night that we first met
Such a night no one will ever forget
The night the walls came down in Berlin
I found all the foreign love I thought I'd never have
I made a new friend and I was ever so glad
We really took to each other straight away
And I sure do wish that Evan would ring me tonight
I'm on a new number but I'm sure I could be found
And Evan doesn't ring me anymore
And Evan doesn't ring me anymore
Evan doesn't ring me anymore
Evan if you listen you know I'm here
You're someone very special I hold you dear
Anytime you need a friend I'll be around
You've seen me at my best and I guess my worst
It's really not so easy to put it in verse
But just call me up and you know I'll be around
I sure do wish that Evan would ring me tonight
I'm on a new number but I'm sure I could be found
And Evan doesn't ring me anymore
Evan doesn't ring me anymore
Evan doesn't ring me anymore
I remember the night that we first met
Such a night no one will ever forget
The night the walls came down in Berlin
I found all the foreign love that I never had
I made a new friend and I was ever so glad
We really took to each other straight away
I sure do wish that Evan would ring me tonight
I'm on a new number but I'm sure I could be found
I'm feeling down 'cause Evan doesn't ring me anymore
Evan doesn't ring me anymore
Evan doesn't ring me anymore
Evan, you're real cool fun to be out with (?)
Just call me up
We could have a way out
