

# Nothin' to Lose

Josh Gracin

It was noon time, down time, break time, summer time  
Miller time, anytime, she was lookin' pretty fine  
A red light, green light, go all fired upside downtown  
She was shakin' me all 'round  
I was tuned in, goin' nowhere, second wind  
Jonesin', droolin', feelin' good, if you would Oh yeah, by the way she moves  
She's got me rollin' in dirt in a white t-shirt  
Breaker breaker one to nine she's a big ol' flirt  
By now she's got me pretty tied up  
Tied down, anyway I choose  
I've got nothin' to lose In like Flynn I was lookin' for the win  
Just tryin' anything, hey baby where you've been?  
All my life I've been lookin' for someone like you  
Fallin' head over heels, hey what can I do? Oh yeah, by the way she moves  
She's got me rollin' in dirt in a white t-shirt  
Breaker breaker one to nine she's a big ol' flirt  
By now she's got me pretty tied up  
Tied down, anyway I choose  
I've got nothin' to lose Now I'm in the fast lane goin' ninety eight  
By now I know she can smooth operate me  
I know now she's no goody two shoes  
But hey I've got myself nothin' to lose Oh yeah, by the way she moves  
She's got me rollin' in dirt in a white t-shirt  
Breaker breaker one to nine she's a big ol' flirt  
By now she's got me pretty tied up  
Tied down, anyway I choose  
I've got nothin' to lose Oh yeah, by the way she moves  
She's got me rollin' in dirt in a white t-shirt  
Breaker breaker one to nine she's a big ol' flirt  
By now she's got me pretty tied up  
Tied down, anyway I choose  
I've got nothin' to lose Times, down time, break time, summer time  
Miller time, anytime, she was lookin' pretty fine  
In like Flynn I was lookin' for the win  
Just tryin' anything, hey baby where you've been?  
(I've got nothin' to lose)  
All my life I've been lookin' for someone like you  
Fallin' head over heels, hey what can I do? I got nothin' to lose, yeah
