

Key 2 My Heart (feat. Sixx John)

Brian McKnight

Double ones since you came into my life
Like the sun in the middle of the night
You have my body
And now you've gotten into my brain
And it's getting so hard to maintain
My sense, my cool, down deep insideBaby you don't know what you do to me
You're making me feel like I'm seventeen
It's like one thousand degrees when you're next to me
And I know that I'm ready and ready to give you the key 2 my heartYeah
Look, I had to get your name
So we can talk more and I can pick your brain
Put it all together like a jigsaw
I'm crushing on you like I just turn seventeen
When I lay up and talk on the phone
On nights when both of us at home
You don't know what I feel, I wanna chill with you
I wanna be with you, you and IGirl, so sweet, so kind, so free
You're my world, the biggest part of me
Girl, you got me
Body, soul, heart, mind and brain
It's getting so hard to maintain
My sense, my cool, down deep insideBaby you don't know what you do to me
You're making me feel like I'm seventeen
It's like one thousand degrees when you're next to me
And I know that I'm ready and ready to give you the key 2 my heartI can hug you
I can show you, I can teach you, I can love you
I can touch you, make you forget all your trouble
Playing your hair when you lay, you need not care at all
We make a few couple of
They say no make beliefs, stop
People want just believe us
This what life is supposed to be to us
You make me feel like a teen as I lay up and talk on the phone
All night when the both of us at home
Now you know what I feel, wanna chill with you
I wanna be with you, you and ITonight, can you hula for me tonight
Under these stars so bright
Cause I'm the luckiest man on this earth
In this whole damn universe

And now as long as I breathe I love you
I'll do whatever you want me to do
Cause I'm the luckiest man on this earth
In this whole damn universeBaby you don't know what you do to me
You're making me feel like I'm seventeen
It's like one thousand degrees when you're next to me
And I know that I'm ready and ready to give you the key 2 my heartBaby you don't know what you do to me
You're making me feel like I'm seventeen
It's like one thousand degrees when you're next to me
And I know that I'm ready and ready to give you the key 2 my heart
