

Take Back the Fear

Hail the Villain

What I believe is all that I am
Take it away, I'm only a man
Back from the dead and now it appears
I'll be the one to take back the fear Kill or be killed, that isn't me
Maybe it's you dying to be
Somebody else. Man of the year
But I am the one to take back the fear Don't want it taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away from me
It's all that I believe (Don't want anything)
Taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away from me
It's all that I believe Message of hate, fading away
My love and my failures one in the same
Now that I'm back, painfully clear
I'll be the one to take back the fear Don't want it taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away from me
It's all that I believe (Don't want anything)
Taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away from me When it seems that everything was all a dream
Everything's not what it seems
Even I cannot believe in me easily (Don't want anything)
Taken away
(Don't want anything)

Taken away
(Don't want anything)
Taken away from me
It's all that I believe (Don't want anything)
Taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away from me When it seems that everything was all a dream
Everything's not what it seems
Even I cannot believe in me easily (Don't want anything)
Taken away
(Don't want anything)
Taken away
(Don't want anything)
Taken away from me
It's all that I believe
