

All of Me

Big Daddy Kane

Let's get busy
Daddy Kane
You know B.W. I've heard it said
That a woman is a man's greatest gift Sure you're right
And success ain't nothin'
Unless you have someone to share it with Mmm, so true, so true
I've always felt that it's great to achieve in life
Not having someone other than yourself
To share it with, it is, uhh Sho', you're right
Quite sad
In my case, I may have found someone
(Mmm)
I want, all, of that someone Yeah, I know what you mean
Well, I'll tell you my friend
Just communicate with her
And always say what you mean
And mean what you say
Because, it's her that you want, all of me Come here, baby
Come bring all of you to me
When I say I want all of you I mean I want all of you
From your head to your feet
(Mmm)
I wanna taste everything
From your lipstick to your toenail polish C'mere Kane brother
I want you, I want you
I want to hold you, I want to massage you
I want to comfort you, I want to sooth you
(Mm) You know the way you're standin still there
I just wanna lay on the floor
And make love to your shadow
(A-heh)
Sounds silly don't it?
Not really But for real, let me come on over there
Run my fingers through your hair
Hold your hair and undo that brassiere
My dear Daddy Kane
Because tonight, girl
All of me wants all of you
Ohh
