

The Healing (featuring Gavin Clark) instrumental

UNKLE

Hold my hand
I need you now
Slow me down
I don't know how Hold my hand
I need you now
Slow me down
I don't know how Are you living the feeling
The heights are they worth seeking
Nothing like believing
Are your drugs healing Hold my hand
I need you now
Slow me down
I don't know how Hold my hand
I need you now
Slow me down
I don't know how Are you really living
Or do you seek loving
Are you happy being
Or do you search for meaning Are you ever asking
Questions they need answering
You're not really hearing
You really need releasing A million pieces broken
A million secrets unspoken
A million pieces broken
A million secrets unspoken Hold my hand
I need you now
Slow me down
I don't know how Hold my hand
I need you now
Slow me down
I don't know how Secrets everywhere
Secrets everywhere
Secrets everywhere
Secrets everywhere
