Keep Falling Down

Sissel

I'm all alone in the rainfall
I hear my name call
I look up but there's no one aroundThe sky is wild and the wind blows
I'm out my window
Trying to fly but I keep falling downI will never have that dream again
If I do I'll just get up and then
Sure as the sun will rise
I'll be there by your side
Till the end of timeI live my life, where it takes me
I'm what it makes me
I get up but I keep falling down
Keep falling downThe blinding light silhouettes me
I try to get free
So I run but I keep falling down
Keep falling downI will never have that dream again
If I do I'll just get up and then
Sure as the sun will rise
I'll be there by your side
Till the end of timeAnd every night I close my eyes
I hear the voices calling
Don't try to hide, don't try to fightIt's only sleep, it's just a dream
And you're not really falling
Get up and try to live your lifeI live my life, where it takes me
I'm what it makes me
I get up but I keep falling down
Keep falling downI will never have that dream again
If I do I'll just get up and then
Sure as the sun will rise
I'll be there by your side
Till the end of timeSure as the sun will rise
I'll be there by your side
Till the end of timeAnd every night I close my eyes
I hear the voices calling
Don't try to hide, don't try to fight
