With Every Breath I Take

Lea DeLaria

There's not a morning that I open up my eyes
And find I didn't dream of you
Without a warning, though it's never a surprise
Soon as I awake thoughts of you arise
With every breath I takeAt any time or place
I close my eyes and see your face
And I'm embracing you
If only I believed that dreams come trueYou were the one who said forever from the start
And I've been drifting since you've gone
Out on a lonely sea that only you can chart
I've been going on knowing that my heart can break
With every breath I take
