

Honeymoon Day

Arrested Development

Girl, just take off yo socks, let me lick on yo feet
Ill rub yo body and watch you roll yo eyes to the ceiling
Wont you lay on down? Let my face be yo linen
Cmon and sho me yo ways, this is our honeymoon day Lets just free our bodies like the last day of living
Girl, we can be real naughty, theres no need for forgiving
Wont ya dance for me? Let my face be your mirror
Cmon and sho me yo ways, this is our honeymoon day Its ya charming one, ranked at number one
The one you know to go to when you need some lovin to come
And even though Im just a hop and a skip and a jump
Away, baby, sometimes we role play the funk Yo secret thing like a one night fling
That just happened to be married to you and
Gave you a ring, so no guilt just pleasure
So much dat its known to tilt the measure Yo touch has been known to ease my pressure
Oh my God
Its so incredible the way he shaped your bod
Ingenious mixing soft wit hard
Little sweet, little heat, spicy, hot Gotta a lot a seeds, I wanna put in yo sod
I cant see your face, if ya feel me just nod
Girl, yous da picket fence house and the yard
Da picket fence house and the yard, hu huh Girl, just take off yo socks, let me lick on yo feet
Ill rub yo body and watch you roll yo eyes to the ceiling
Wont you lay on down? Let my face be yo linen
Cmon and sho me yo ways, this is our honeymoon day Lets just free our bodies like the last day of living
Girl, we can be real naughty, theres no need for forgiving
Wont ya dance for me? Let my face be your mirror
Cmon and sho me yo ways, this is our honeymoon day Check it out
I told yo Mama dont wait up, dont check up on us
Dont call we handled it all, Im ready to bust
And Im really hoping that yo daughter can handle my lust
You done had yo chance, now this land is handed to us Pops knows how it goes shewt any man does
Fine daughter like his cant afford to miss love
And Im a give it to her sho nuff without a flub
Give it her like a fat man giving himself grub You think we waited for nothing, my blood's pumping
Needs go to where its needed the most
Relieve something shewt certain parts of me resemble a mule
Stiff and stubborn, its like Im Rosa Parks on the stool We going all out hittin the balls out
Coming deep from the soul like a Lou Rawls shout
People next door screamin' who let the dogs out
Man, its our honeymoon, we here to knock the walls out Girl, just take off yo socks, let me lick on yo feet

Ill rub yo body and watch you roll yo eyes to the ceiling
Wont you lay on down? Let my face be yo linen
Cmon and sho me yo ways, this is our honeymoon day Lets just free our bodies like the last day of living
Girl, we can be real naughty, theres no need for forgiving
Wont ya dance for me? Let my face be your mirror
Cmon and sho me yo ways, this is our honeymoon day When I say true, you say love, true love, true love
You got a wedding ring, put it up, put it up
You got a wedding ring, throw it up, throw it up
Oh yeah, its on, baby, Ive waited for this so long
Oh yeah, its on, baby, when I hang up the phone Im gone We gonna bail collect that mail, lets go to the hotel and
Skip the reception, girl, let's head to the limo
Tinted window hard to find like Nemo
Real Cancun, real honeymoon like woo
You can find us on the beach you know
Im in heaven daily 'cuz Im lovin' this, the physical bliss
Come here, baby, give me a kiss Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah Girl, just take off yo socks, let me lick on yo feet
Ill rub yo body and watch you roll yo eyes to the ceiling
Wont you lay on down? Let my face be yo linen
Cmon and sho me yo ways, this is our honeymoon day
