No Words

Kt Mulholland

She was sitting right next to me
The whole world stood still
So I could see
Your eyes in the rear view
Someones gonna hear you

Give em you, baby, give em hell
Give em what you got, Iâ€™ll give em everything else
Just keep the wheel steady
I bet theyâ€™re not ready

Do what you do, what you do to me
Just use them lips, baby, then theyâ€™ll see
What theyâ€™ve been missing
The worlds gotta listen

Give it your all, baby, donâ€™t look back
Youâ€™re like a steel train, cold sweat, heart attack
You hit the ground running
Theyâ€™ll never see you coming

Cause thereâ€™s no words for what you do
And god knows Iâ€™ve searched for a few
Baby Iâ€™m speechless when Iâ€™m next to you
Cause thereâ€™s no words for what you do,
When you do what you do to me

Still got your voice ringing in my ear
A world full of noise, but youâ€™re all I hear
You always knew how to
Get a little louder

So give em you, baby, give em hell
Do what you do, what you do so well
Push a little harder baby, then theyâ€™ll see
The kind of power you got over me
Cause thereâ€™s no words for what you do
And god knows Iâ€™ve searched for a few
Baby Iâ€™m speechless when Iâ€™m next to you
Cause thereâ€™s no words for what you do,

When you do what you do to me

Whoh oh, when you do what you do to me
To me, when you do what you do to me
To meâ€¦

Whoh oh, when you do what you do to me
To me, when you do what you do to me
To meâ€¦

Whoh oh, when you do what you do to me
To me, when you do what you do to me
To meâ€¦

Whoh oh, when you do what you do to me
To me, when you do what you do to me
To meâ€¦
