

# Anywhere But Here

## Mayday Parade

Tonight is the one thing left  
And I haven't said it yet, I'm falling  
And the writing's on the wall  
Today was misery and I just can't believe this happened  
And I've finally broke down  
She held onto my heart but now my only star is falling  
It's burning to the ground  
But now I'm crying out  
Secret love, my escape, take me far, far away  
Secret love, are you there? Will you answer my prayer?  
Please take me anywhere but here, anywhere but here  
You're all I've got right now,  
No one else figures out this feeling and how lonely it can get  
These words can cut right through  
'Cause all along I've knew you're sorry but you haven't said it yet  
But I won't forget  
Secret love, my escape, take me far, far away  
Secret love, are you there? Will you answer my prayer?  
Please take me anywhere but here  
When we're together thoughts of her disappear  
If I fell to pieces you'd heal this pain I feel  
Secret love, my escape, take me far, far away  
Secret love, are you there? Will you answer my prayer?  
Secret love, my escape, take me far, far away  
Secret love, are you there? Will you answer my prayer?  
Please take me anywhere but here, anywhere but here
