

The Crying Game

Hannah Cohen

How much can you fill up before you start crying?

All the word start spilling out

I cant stop them from flying

Well Im just trying to get them back

Without you looking at me

Seeing all the lies

How many times did you think of her when your heart is supposed to be with my heart

Or listen my love, my love

I cant stop from crying

Or listen my love, my love

I cant stop from crying

Ohhhhh ohhhhh ohhhh ohhhh

Why must I care so much if I wasnt lying?

My love my love I cant stop from crying

Or listen my love my love I cant stop

I cant stop

I cant stop

I cant stop

I cant

Oh I cant
