

Breezy

Jackson 5

Breezy, yeah They say that you'll be gone, never stay too long
Won't let love begin and you changed like the wind
Girl, I got you on my mind, laid my heart right on the line
Like a mirror in the sky love's reflecting in your eye Breezy, you're so easy to love
Breezy, you're my high flying dove
Breezy, don't let love fly away
Baby, stay, oh, ooh Breezy, you're so easy to love
Breezy, you're my high flying dove
Breezy, don't let love fly away
Baby, stay, oh The wild and living free, you're so warm to me
Love is coming on and I feel it getting strong
Trying every way I know to make you never want to go
The wind that brought you here is gone
Why the race back to where you belong? Breezy, you're so easy to love
Breezy, you're my high flying dove
Breezy, don't let love fly away
Baby, stay, ooh Breezy, you're so easy to love
Breezy, you're my high flying dove
Breezy, don't let love fly away
Baby stay, won't you stay? Breezy, don't fly my breezy
Breezy, don't fly my breezy
Breezy, don't fly my breezy
Breezy, don't fly my breezy Breezy, don't fly my breezy
Breezy, don't fly my breezy
Breezy, don't fly my breezy
Breezy, don't fly my breezy Breezy, don't fly my breezy
Breezy, don't fly my breezy
Breezy, don't fly my breezy
