Jumping like, jumping like, jumping like, jumping like  
Like, like, like, like

I got the Club jumping like a thousand jumping jacks (you know)  
Spending money, see me burning  
through these oven racks

The club is packed front to back, man, I'm loving that (you know)  
And all these ladies want my babies, that's a fucking fact  
See the club is in  
molly's world

I think your girl geeking on that white, girl Yeah, my trap going techno  
Yeah, my trap going techno

Got the party jumping like, got the party jumping like

Jumping like, jumping like, jumping like, jumping like  
Jumping like,  
jumping like  
trap going techno
