The Floor

Apocalypse Pow!

Yeah, get on 'em, up on 'em
Let me see you move it on 'em
Let me see you move it on 'em
Let me see you move it on 'em
Let me see you move it on 'em
Let me see you move it on 'em
Let me see you move it on 'em
Let me see you move it on 'em
Get on 'em, up on 'em
Looking at your fine, had to switch the program
Tell the DJ that it's time to play a slow jam
Get closer to me girl, do something to me girl
Come on and choose me girl, ride it on this dance floor
When you think of sweat, you think of sex
So DJ play my shh, and girl let's get to it
I got what you need, set your body free
All you need is Keith, I'll bring out the freak floor
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(Do it till you can't take no more)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(I know you wanna, oh)
I'm trying to turn you on and turn you out
Without a doubt I'm trying to pump it on
Come on and leave this place
I'll take you to my place and freak you at my place
In the morning girl I'll drive you home
When you think of sweat, you think of sex
So DJ play my shh, and girl let's get to it
I got what you need, set your body free
All you need is Keith, I'll bring out the freak floor
Let me see you move it on 'em

(On the floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(Do it till you can't take no more)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(On the floor)

Let me see you move it on 'em
(I know you wanna)
I just wanna take you back
To when we used to slow dance at the club
Lady show me love
I just wanna take you back
To when we used to do it, do it, do it to me good old music
Girl and when you
When you think of sweat, you think of sex
So DJ play my shh, and girl let's get to it
See I got what you need, set your body free
All you need is Keith, I'll bring out the freak floor
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(Do it till you can't take no more)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(Let me see you move it on the dance floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(Do it till you can't take no more)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em
(On the floor)
Let me see you move it on 'em

(I know you wanna, oh)
Let me see you move it on 'em
(All night)
Let me see you move it on 'em
(All night)
Let me see you move it on 'em
(All night)
Let me see you move it on 'em
(All night)
Let me see you move it on 'em
(All night)
Let me see you move it on 'em
(All night)
