

I Don't Think We've Met

Nikka Costa

[Verse 1]

If you ain't had it sweet enough

I'll put a little sugar on it

If you ain't gettin' rocked hard enough

I'll put a little scream on it

If you like you like it with a little more part on me

I keep it nice and hot for you

If you sick of making the same old scream

Let me go down for me[B-Section 1]

If we get together you won't ever be the same

But you'll never know if you don't catch my name[Hook: 2x]

Guy: Do we know each other babe?

Nikka: I don't think we've met

I really want you feelin' me too![Verse 2]

I don't want nobody doin' me 'cept you

so I'm gonna hit you up for it

Cause ain't nobody doin' it like I do

So I hope ya up for it

Ya know I'll bring the dirty to ya

If you ain't hear me baby

Then let me break it down[B-Section 2]

Cause my shit is tight, It's gon' fit like a day

Come in to my world and feel what I made up

If we get together you won't ever be the same

But you'll never know if you don't catch my name[Hook: 2x]

Guy: Do we know each other babe?

Nikka: I don't think we've met

I really want you feelin' me too![Bridge: 3x]

If you want it

I got somethin' for ya

I got what you wanted

I got what, come and get it[Hook: 2x]

Nikka: I really want you feelin' me too!

Guy: Do we know each other babe?

Nikka: I don't think we've met[Bridge: 2x]

If you want it

I got somethin' for ya

I got what you wanted

I got what, come and get it
