

Genesis of Apocryphal Desire

Varathron

Though the endless storm ?Reborn the cosmic evil
Dwell in inhuman rituals ?The poison of wrath and hate
Conduct your subconscious ?To the sphere of galaxial mistDevoted disciple of Charon as you enter the loner
domainLost in the maze ?The visible disorderObject of diabolical art ?Mysterious exquisite substance
Cryptogramy (reveal) disgusting dreams
Breed in twisted (cranial) magnetism
The pestilent chaos of Sathanas
