

# Ripcord

## [unknown]

Soul destroyed with clever toys for little boys  
It's inevitable, inevitable, it's a soul destroyed  
    You're free until you drop  
    You're free until you've had enough  
        And you don't understand  
        No ripcord, no ripcord  
        No ripcord, no ripcord  
    Aeroplane do I mean what I mean?  
    Oh it's inevitable, inevitable, oh aeroplane  
        A thousand miles an hour  
        On politics and power  
        That she don't understand  
        No ripcord, no ripcord  
        No ripcord, no ripcord  
    The answer to your prayers  
    We'll drop you anywhere  
        No ripcord, no ripcord  
    No ripcord, no no no ripcord  
        Oh yeah
