

# As the Crow Flies

David Gray

A part of me pre  
A part of me post  
A part of me present  
One part of me ghost  
A part of me wants to run  
One part of me flowing  
One part stopping dead  
One part of me knowing  
It's all in my head  
Sometimes when I'm open wide  
A part of me tries to hide  
Take all of me once  
Take all of me twice  
A love with no limits  
Is worth any price  
Not far to the good stuff  
As the crow flies  
A part of me earth  
A part of me sky  
One part of me sober  
One part of me high  
One part of me quiet  
One part of me bold  
One part of me dying  
For the truth to be told  
Never in my time before  
Have I wanted something more  
Take all of me once  
Take all of me twice  
Take all of me stupid  
Take all of me wise  
Not far to the good stuff  
As the crow flies  
Not far to the good stuff  
As the crow flies
