Lost In The Rhythm (Ft Octavia Rose)

Jamie Berry

There's a boy downtown,
From the club I know,
He doesn't say a word,
He just hits the floor.The way he moves
Always caught my eye
Couldn't take it no more,
Just had to try.Move to the fours,
He danced away,
Speed like magic,
Then he looked my way.And in one stroke
Feel me there by his side
And I knew I was in for a ride, as we
Sway to that sound,
Our feet tap, tapping
And our heartbeats beating and weSpinnin' round, as we're lost in the rhythm
The lights and the crowd.That look in his eyes made me sure
We'll be dancing til' the dawn.Boy, I'll tell you that boy can move,
Gone twistin' around every direction that I choose,
Never thought I'd feel so alive,
That boy know how to twist and jive.Swingin' around the
Club all night,
Not one city that we'll
Leave from sight.No matter what,
We couldn't stop
Dancing before that drop, as we
Sway to that sound,
Our feet tap tapping and our
Heartbeats beating and weSpinnin' round,
Lost in the rhythm with the
Lights and the crowd.That look in his eyes made me sure
We'll be dancing, dancing, dancing til' the dawn.Lost in the rhythm with the
Lights and the crowd.Lost in the rhythm with the
Lights and the crowd.Sway to that sound,
Our feet tap tapping and our
Heartbeats beating and weSpin round and' round,
Lost in the rhythm with the
Lights and the crowd.That look in his eyes made me sure
We'll be dancing, dancing, dancing til' the dawn.
