Sunset Strip (Abraham Clean)

Courtney Love

Sitting here on top of the world
I got everything
I need from this world
Oh tonight, I got it right
Just one timeCruising down the Sunset Strip
And there is nothing that's not,
That's not within my grip
Oh tonight, I can fly
I can flyLook at me for the very last time
I've climbed so high
I've got no place left to climb
And I know, no tomorrowRock star, pop star, everybody dies
All tomorrow's parties
They have happened tonight
And I know that I won't see tomorrowSitting on the Hollywood sign
Watching the girls get off the bus
Watching the danger in their eyes
When they leave with broken hearts
Their shredded valentinesI came here from a dirty dark street
There was no one there to protect me
To make the nightmares go away
It has to sparkle
It has to shine
So hardLook at me for the very last time
I've climbed so high
I've got no place left to climb
And I know, no tomorrowRock star, pop star, everybody dies
All tomorrow's parties
They have happened tonight
And I know that I won't see tomorrowTurn off all the porno, please
Been drowning here for days
Bad food, bad sex, bad TV and internet
Take all these stupid pills awayClimb down the boulevard
I'm coming down so fast
I'm coming down so hard
And I said I can't stop
All those voices in your headI don't sleep, I never dream
I just shut them up
Now I just keep screaming run away

It's the last time
It's the last timeLook at me for the very last time
I've climbed so high
I've got no place left to climb
No, I know, no tomorrowBefore the spark in my eyes turns to strychaine While this speeding heart is still a valentine
Gonna ride this thing until the wheels fall off
'Cause girls like me, we always get what we want
Yeah, yeah, yeahDiamonds, hard promises and million dollar pills
All the lives we're wasting in the Holloywood Hills
'Cause we know, we're to good for tomorrow
Yeah, yeah, yeahYesterday's girl are tomorrow's hot teens
Were you jerking off to her
Or were you jerking off to me?
And I know, that I won't know tomorrowYou want my massive power
You want my throw it all away
I'm throwing them out
I'm throwing them awayLawsuits, daiamonds Guns N Rubies
Baby au revoir
You rock'n'roll bitches
You can get what you want, yeahYou were made for me
And I was made for you
There a key to the Bel-Air, the chateau too
Your little sugar coated world
It is rotten to the core
I didn't know you were born without a soulI've got voices screaming in my head
Are you jerking off in your bed?
It's not punk, it's not cool
It's not even boring
And it's not Eminem who's gonna save meThey're for real life
They tried to steal my soul
I got pils 'cause I'm famous
I got pills when your old
I've got pills cause I'm blonde
I've got pills cause you're dead
I've got cause I am the worst and best dressedI've got pills cause I feel more than twentyone
Got pills cause I know, baby, you're not the one
I've got pills for my coochie
'Cause baby, I'm sore
I've got pills cause you're fat
I've got pills cause I'm boredCruising down the Sunset Strip
And there is nothing that's not,
That's not within my grip
Oh tonight, I got it right

Just one time
