

# Re-Ignite

## Becko

Nothing outside  
Stronger inside  
Strangers since yesterday

By the moonlight  
we need to believe  
that we could be fine

Waiting all night  
'Till the sunshine  
Face to face  
Again and again

Waiting all night  
'Till the sunshine  
Face to face  
Again and again

So we could re-ignite  
We could re-ignite  
We could re-ignite  
We could re-ignite

We could re-ignite  
We could re-ignite  
We could re-ignite

Oh  
Oh  
Oh

We could re-ignite

Nothing outside  
Stronger inside  
Strangers since yesterday

By the moonlight  
we need to believe

that we could be fine

Waiting all night  
'Till the sunshine  
Face to face  
Again and again

Waiting all night  
'Till the sunshine  
Face to face  
Again and again

So we could re-ignite  
We could re-ignite  
We could re-ignite  
We could re-ignite

We could re-ignite  
We could re-ignite  
We could re-ignite

Oh  
Oh  
Oh

We could re-ignite
