

Dust

Melanie Amaro

[Fabolous:]

Ashes to ashes and dust to dust
Where do we go when there's no more us?
I said, ashes to ashes and dust to dust,
Where do we go when there's no more us?
I tried to brush you off, sweep you under the rug
I'd be clean until housekeeper come with the drugs
Then I get higher than a duster could reach
I'm cool as Zach Morris, you must think I'm Screech
And you probably think you Lisa Turtle
Like I'm supposed to chase you and leave your hurt(?)
But I'd rather be somewhere collecting it
With the one that I'm connecting with
You did me wrong, I got somebody correcting it
Yeah, I'm allergic to you dust balls
And I know you miss me like I just called
Now I got it made, and the crib spotless
They say you're out here looking a hot mess
You know what I'm thinking and what I wanna hear
You act like the victim when I try to shield my heart
You always find a way
So what do you want from me babe?
Why are you still here?
Yeah yeah,
You should be long gone by now
What do you expect from me?
What can I say? I just gave it all away, yeah
There's nothing left of me to give
And you wasn't supposed to end up here
So I'll leave it in your hands
I'm just blowing in the wind, yeah
Again, I'm just dust
I don't know why you can leave me alone now
I'm swerving in circles around you
Why can't you see that I'm helpless
I've lost control of myself, yeah [Fabolous:] (x2)
Ashes to ashes and dust to dust
Where do we go when there's no more us?
I said, ashes to ashes and dust to dust,
Where do we go when there's no more us? I just gave it all away, yeah
There's nothing left for me to give

And you wasn't supposed to end up here
So I'll leave it in your hands
I'm just blowing in the wind, yeah
Again! I'm just DUST
