

Dead and Alive

Dead Boys

Caretakers of the streets
Virgins with tainted saviours
Hippies hustling chump change
Don't know the days from the night[Chorus:]
Dead and alive ain't breathing I'm
Dead and alive feeling so damn
Dead and alive Being a servant by day
Smiling and stroking my way
I get my lovin' outta magazines
But keep your hands offa me[Chorus] Murder takes a city's night
Feeding it's wanton flame
Come excite the streets with me
But don'tcha ask my name[Chorus]
