

Suite F.A.

Hotlegs

1st Movement - On My Way Ooh wee I'm on my way. On my way.

Ooh wee I'm so free. I'm on my way. Ooh wee the time is right. It's here to stay.

Ooh wee I'm so free. I'm on my way. I'm on my way. I believe that time it cannot weigh me down.
If I should take my life to another town. Where I would find. But my simple thoughts go by. Never stop to say
hello. Or I may be thought too slow. There's no point in taking you with me. There's nothing special that you
can do. To help me on my way. Ooh wee I'm on my way. On my way. Ooh wee I'm so free. I'm on my way. I'm
on my way. See. Don't you see. Don't you see why.

Don't you see my lover. See. Don't you see. Don't you see why. We don't see. Eye to eye. Though you know me
well. Please when I die. Left my soul to sell. 2nd Movement - Indecision Down on the borderline. You won't
catch me wasting my time. I've left a lot behind. I've got a lot to lose but whose to know. I'll tell the world.

What it's been like.

It may go on, the future. What's like. Don't you know you're gettin' older
Don't look back across your shoulder. The wind is blowing colder. And it might just blow you over. Roll
another cigarette. Help your mind forget. I don't care.

Oh oh oh. Oh oh oh. If my words are going through ya. But the meanings gettin' to ya. Well then glory
hallelujah. I'll be glad to say I knew ya.

Roll another cigarette. Help your mind forget.

I don't care. Oh oh oh. Oh oh oh.

3rd Movement - The Return You give me your conversation on my way back home. About the celebration.
When I get back home. Imagine the congregation. On my way back home. I'll give you my invitation. When I
get back home. There'll be a celebration. When we get back home. I'll need my own vacation. When we get
back home. You'll send out the invitations. When we get back home. Drawn up the congregation.
When we get back home. They'll see a celebration. When I get back home. You give me your conversation.
On my way back home.
