

Get The Knife

Have Heart

name me one thing that you have
ever stayed true to besides the trends
you change, you switch you go with
the motherfucking seasons
so tell me just why, should i ever trust you
when i know you're not true, when i know
just what friendship meant to you... NOTHING
the cooler crowd walked on by
you dropped me like a bad habit
so all your talk of brotherhood
proves you're a lying sack of shit
i think you've got things confused
i'm not your fucking latter
for you to gain some higher ground
especially when good will isn't even abound
your fucking tune, it's old as time
so don't feed me that bullshit line
i see our friendship. what's it for?
i'm cutting you off because i've seen friends like you before
don't call yourself my friend
and then leave me in the dust
what's wrong? what's wrong with you?
your intentions aren't true
what's wrong? what the fuck's wrong with you?
it's every fucking thing you do
don't sing to me
