I Know You Know

Lyle Lovett

Tell me something that you mean
Not just what comes to mind
'Cause I can see you're somewhere in between
This morning and the late last night
And I know, you know
I know, you know
I know, you know
I'm so in love with you
Even the stars will pass away
And the sun will burn to coal
Even men will hear the angels say
"He was a fool to let it show"
I know, you know
There ain't nothing I can do
I know, you know
I know, you know
I'm so in love with you
I know it ain't never come to no good
I know it seems like it ain't no use
I know I should've left while I still could
But I can't find a reason to
So tell me something that you mean
Not just what comes to mind
'Cause you know I would believe
Anything you'd say
And I know, you know
I know, you know
I know, you know
I'm so in love with you
