

# Plain Jane

[Kim Lukas](#)

Plain Jane look at what's inside  
Don't let your inner beauty hide  
Plain jane head up high and smile  
And smile  
Fourteen, girl changing into young lady  
Confusion runs through her mind  
Fourteen, life seems so bizarre at that age  
Mixed feelings emotions high  
Relax, you're not on your own it's normal  
No tears from name calling games  
Relax, it's the same rocky boat you're sailing  
Stormy seas the boys will tease  
Life's short so be happy carefree  
Remember that you're unique  
Life's short so be happy carefree (carefree)  
Believing in who you are is special  
No-one can take that from you  
Believe and you will go far  
Positive energy will set you free  
Life's short so be happy carefree  
Remember that you're unique  
Life's short so be happy carefree (carefree)  
Plain Jane.....  
Plain Jane.....  
Plain Jane, plain Jane  
Plain Jane.....  
Life's short so be (Be, be, be, be, be, be)  
Life's short so be (Be, be, be, be, be, be)
