

# Darken Me

## Electric Owls

Yellow faces 1, 2, 3  
Lit by fire from underneath  
Your hair was tangled in the trees  
On the night you darken me Your fingers rose up from the ground  
And reached for others in the clouds  
Cracked their knuckles so damn loud  
And on that spot king I was crowned Darken me now, I'm lost assassin's cloud  
Drift in midnight sea, won't you darken me? I have tried to be your friend  
Self-respect has worn so thin  
And yesterday the joke set in  
That you have darkened me again  
Yellow faces 1, 2, 3  
Lit by fire from underneath  
Your hair was tangled in the trees  
On the night you darken me  
On the night you darken me  
On the night you darken me  
On the night you darken me
