

# Across the Universe of Time

[Hayley Westenra](#)

When the sea falls from the shore  
As the light sinks low, will I see you any more?  
As the rain falls from the sky  
Can I bring you back from a distant lullaby? Show me your vision, the story begun  
Two lights are rising and burning as one In the deep blue of the night  
Shine the millions of stars and my spirit burning bright  
Spinning on, into the sun, flying higher  
Now my journey's begun And the cold, cold wind, it blows me away  
The feeling all over is a black, black day  
But I know that I'll see you again  
And I know that you're near me There's a star calling my name  
It's echo is true and the song is not the same  
Take my hand and lead me away  
Bring me back to you in your arms I'm going to stay Tell me your vision, the story begun  
Two lights are rising and burning as one All those years drifting in space  
I have known you well yet I've never seen your face  
You turn around looking at me  
Laughter in your eyes and now I can see And the cold, cold wind, it blows me away  
The feeling all over is a black, black day  
But I know that I'll see you again  
And I know that you're near me
